

To Whom It May Concern:

I am a Continental Airlines frequent flyer and member of its Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I rely on Continental's seamless service wherever I fly. In today's competitive Airline market, travelers are looking for differentiators in choosing an airline to fly with regularly. Continental Airlines willingness to provide a valuable service to me at no cost while I am traveling (usually on business) is a competitive advantage that keeps me loyal to their airline and Presidents Club. It would be detrimental to their business if you block their ability to do this. Thank you for ensuring the right of the public to use the wireless service of its choice.

*Sincerely,
Georgia S. Perez*
